YLNI My City Summit postponed

Who - Young Leaders of Northeast Indiana

What - YLNI My City Summit postponed

When - Postponed

Where - TBD

Website - www.ylni.org/my-city-summit

Young Leaders of Northeast Indiana has been closely monitoring the health environment with COVID-19. In light of the current health environment and the social distancing policies being enforced by many organizations, we have decided to postpone the 2020 My City Summit - Build the Fort event (link to event) that was to be held at Purdue Fort Wayne on March 26, 2020. The health and safety of our members, friends and sponsors is of the utmost priority, and we want to protect you and our community as much as possible.

As soon as we have a new date for the event, we will update the public, and we hope they will still be able to join us for the event. In the meantime, we are working with Eventbrite to determine how to best issue refunds to those who purchased tickets and will be in contact with the event sponsors individually over the next week.

Warm regards,
YLNI Board of Directors

About Young Leaders of Northeast Indiana (YLNI)

YLNI is a non-profit, community engagement organization with a mission to attract, develop and retain emerging leaders through community, professional and social engagement.

YLNI's diverse programming includes the following:

- Social and cultural events throughout the year like the YLNI Farmers Market, YLNI Hot Spots and Social Meetups and more
- Immersive community involvement that makes a real difference
- Three leadership development institutes aimed at emerging leaders, college-aged students, and high school students.
- Personal/professional development programs available to YLNI network
